(Sarasota, FL) Gulf Coast Community Foundation recently awarded Embracing Our Differences a \$40,000 grant to help fund its 2018 outdoor exhibition, which runs April 4 to May 31, 2018, in Sarasota's Island Park. The grant will also be directed to empower EOD's annual educational outreach programs and initiatives.

"It's a great honor to be awarded this major grant for a fourth year," says Michael Shelton, executive director of Embracing Our Differences. "This opens up a world of possibilities for thousands of area students and educators to play a leadership role in transforming lives and building stronger communities."

Shelton notes that a portion of the grant will be directed to Embracing Our Differences' annual teacher workshops and retreats, which provide area educators with skills, strategies and resources relating to arts appreciation, character building and diversity education.

"Since 2004, more than 1,300 area educators have participated in our workshops," says Shelton. "We're teaching concrete strategies to inspire students to reject destructive

attitudes and embrace the full potential of inclusion and diversity. For both educators and students, this new awareness can be life-changing.”

Shelton says that the grant will also provide vital resources for Embracing Our Differences’ Make-A-Day-of-It! program, which funds bus transportation for thousands of students and teachers to visit the outdoor exhibits and other arts and cultural venues.

With more than 42,000 students participating in the organization’s exhibit and educational programs in 2017 alone, Embracing Our Differences continues to lead as one of the largest education programs in southwest Florida.

Since 2004, Embracing Our Differences’ annual juried art exhibit has graced downtown Sarasota's bayfront with billboard-sized images created by artists, writers and students from around the world reflecting their interpretation of the message, “enriching lives through diversity.” These exhibits are the heart of a year-round program of activities designed to use art as a catalyst to create awareness and promote diversity.

**Aside from the annual outdoor exhibition, Embracing Our Differences' educator workshops will be presented throughout the 2017-2018 school year for an anticipated 150 teachers who are responsible for 20,000 students. These programs and initiatives include:**

- **Mastering the Art of the Quote Workshops:** This workshop is designed to take the difficult topics of diversity, prejudice and inclusion and teach students to express themselves through critical thinking and creative writing. Presented in partnership with Florida Studio Theatre, the workshop fulfills a critical need of providing teachers with creative resources to meet Florida's Language Arts Standards.
- **Art Teacher Retreat:** This two-day seminar, developed in partnership with Ringling College of Art and Design, is designed to reinvigorate educators'

teaching practices while offering new skills and strategies for inspiring students to explore the abstract concepts of prejudice, diversity and inclusion. Substitute teachers are provided for participating educators. **In 2017, the 43 participating art teachers were collectively responsible for more than 12,000 students from Sarasota and Manatee counties.**

- **Lesson Plans Workshops:** Designed to deliver new and innovative methods of engaging students in critical thinking while creating the perfect environment for a rich discussion of the value of diversity and inclusion, all lesson plans identify the relevant curriculum standards, educational objectives, materials needed, activities, step-by-step instructional strategies and assessment guidelines.
  - **Summer Diversity Institute:** This three-day annual workshop provides information and support for the creation of a respectful and civil classroom culture, while offering tools and structures for educators to use with students in their classrooms and on the school campus. Participants work individually and in small groups based upon grade level, as well as school location, to create lesson plans and action plans that will be used within each school to provide support to both students and faculty. **More than 65 Sarasota school guidance counselors, psychologists and sociologists participated in a recent condensed version of the workshop, organized out of popular demand by area school administrators.**

**Other programs include:**

- The "**Make-a-Day-of-It!**" program, providing free bus transportation for area students and teachers to the outdoor exhibit and to other cultural venues, including Florida Studio Theatre, Mote Marine Laboratory, Van Wezel Performing Arts Hall, The Ringling, Sarasota Film Festival, and Marie Selby Botanical Gardens. **12,703 students participated during the 2017 school year.**

- **Coexistence Clubs**, via partnerships with Riverview, Booker and North Port high schools, provide student-led docent tours of the annual exhibit. **Student docent tours were provided to 5,578 K-8 children visiting the 2017 exhibit. There are approximately 140 student docents.**
